

delfort

thinstar plus

minimize thickness while maximizing opacity

benefits

- ultra low thickness without sacrificing readability
- brilliant print contrast especially for multi-color print
- silky haptic for high-end appearance
- cost efficient through more output per ton of paper
- lightweight paper means less pulp, lower weight, reduced transportation space, and less waste
- made from FSC™ and/or PEFC certified and controlled wood pulp (FSC-C023027, PEFC/02-31-107)

features

- standard range from 35 g/m² to 60 g/m² (23.5 lbs to 40.5 lbs)
- coated with glossy finish
- unmatched low thickness combined with outstanding opacity

applications

- catalogues
- direct mail
- religious literature dictionaries
- schoolbooks
- pharma and cosmetic leaflets
