

sustainable packaging solutions for foodservice products

Our specialty papers come with a moisture, oil and grease-resistant barrier and PFAS-free.

They are produced using virgin fibers sourced from FSC™ / PEFC certified suppliers.

Designed to protect foods such as hamburger, wraps, pastry, french fries keeping them fresh and tasty.

thinbarrier® eco, thinbarrier® eco M, thinbarrier® eco M-2S-WS, and thinwrap® are also available in natural color.
