## YOUR BENEFITS

More about our paper portfolio: [delfortgroup.com/gradefinder](http://delfortgroup.com/gradefinder)

more yield, more value

Significantly more pages per roll or stack, reducing changeovers and boosting your operational efficiency.

easy to convert, simple to use

Outstanding convertability, ensuring trouble-free processing across various printing and finishing machines.

lower weight, smaller footprint

Reduced basis weight leads to minimized transport volume and CO<sub>2</sub> emissions, both supporting your sustainability goals.

partnership you can rely on

From product selection to technical support, our team is with you every step of the way!
